

## Before I Go (capo 4)

          D                  A          G                  A  
There are things I've been thinking I want you to know

          D                  A          G          A  
There are things I want to tell you before I go

  G          A          D  
I want you to know that I love you

  G          A          D          A          G  
I want you know how much you mean to me

G A                  D  
Oh, I want you to know

  G          A          D          A          G  
Near or far, wherever we are my friend

A                          G                  A  
When we get together, time seems to bend

          G          A          D          A          G  
We've had good times, and we've weathered storms, too

  A                  G                  A  
Whatever life brings, I'm better for knowing you

          D                  A          G                  A  
These are things I've been thinking I want you to know

          D                  A          G          A  
These are the things I want to tell you before I go

  G          A          D  
I want you to know that I love you

  G          A          D          A          G  
I want you know how much you mean to me

G A                  D  
Oh, I want you to know

G A                  D  
Oh, and now you know.
